BALLARDS
NATIONAL & INTERNATIONAL REMOVALS

Established 30 years, still family owned & managed

**At Ballards we live,
breathe and sleep
household removals
and have done so for
more than 30 years.**

It is because of this dedication to providing a professional yet value for money service we have been able to grow to provide 11 specialist vehicles and more importantly 11 specialist, dedicated crews who are all fully trained in the art of removals and storage.

Ballards Removals is one of the longest established removal firms in the East Midlands, offering National, European and International removals. The teams moving your furniture, do it with the utmost care and ensure the safe packing of your household goods and treasured belongings. They help to make the experience of moving home stress free.

We are able to move most items found in a domestic home including: All types of piano, safes, chandeliers, antiques, garage/ workshop equipment, sectional garden buildings, classic cars, motorcycles, unfinished car projects, plants, trees in large pots and of course standard household furniture!

We are still a small enough company to conduct the removal of a single item across town after teatime whilst being able to move the most discerning customer to their new home across Europe.

House Removal Options available:

> Self Packing Household Removals Service

This is the traditional level of service, usually used by people who prefer the hands on approach and are moving short distances. A wide range of packing materials and boxes can be supplied.

> Part Packing Household Removals Service

Let us take the responsibility of packing your delicate and fragile items whilst you keep the cost down by packing the non breakable items.

> Full Packing Household Removals Service

This is where the service levels really go up! Your home stays as it is now. Our packing crew arrive and pack and prepare everything into packaging boxes. Each box is carefully labelled in preparation for the removal van arriving to commence your removal.

> Full Packing and Unpacking Household Removals Service

Once everything has arrived at the destination and all your furniture set up in your room of choice we will then unpack every box and remove any debris. This really is a special and stress free house removal service.

> Handyman Household Removals Service

Our Handyman service is always available for large or small removals and can help dismantle and re-erect any furniture that requires it.

> Secure Household Storage

Our large, purpose built storage facilities provide the perfect solution for safe storage of your furniture and belongings if you are between homes or are renovating parts of your home and need to clear rooms.
